CASA DE GUITARRAS

VALÈNCIA

Producing high quality guitars has been a family tradition, which resulted in the establishment of the Valencia brand in 1972. At first, small quantities were produced in our workshop, but soon demand outgrew our capacity. Our third and current production site, which was opened in July 1990, has been enlarged twice since then. We're proud to say that we have been able to maintain an uncompromised quality that sets us apart, for more than 30 years now.

Thank you for choosing Valencia. Please take a moment to value our collection. We have an instrument for every need.

Our Student Series offer all you need to kick off your musical journey. It has a strong construction of basswood (spruce top on CG-170), offering a good responsiveness and emphasized mid range. The hardwood fingerboard is essential for many years of duty, though often not present in this price range.

The CG-150 is equipped with bag and DVD

CG-150-K

Packed as a very economic starter kit CG-150-K will get you playing in no time. A bag is included, as well as an extensive instructional DVD showing you all you need to know about taking care of your guitar, tuning and your first music lessons!

Student Series

CG-1K

CG-1K is our upgraded starter kit. The guitar included has slightly better fittings: a genuine NuBone bridge saddle for better sustain and very durable nickel silver frets. The attractive, modern finish will appeal to especially the younger new talent. The kit includes all accessories one could think of: a bag, a footstool, a pitchpipe for tuning, a stringwinder and the instructional DVD. Packed in a full colour box.

CG-1K is available in 4 finishes (natural, black, winered and blue) and 3 scales (full scale, 3/4 scale and 1/2 scale).

The CG-1K Series is equipped with bag, DVD, stool, pitchpipe and stringwinder

CG-160

Let this guitar be your introduction to music! The most popular Valencia guitar ever has inspired thousands before you.

A basswood body with traditional bracing pattern, NuBone bridge saddle and nato neck with hardwood fingerboard make this beauty look and sound top dollar.

CG-160 is available in 4 scales: full scale, 3/4 scale, 1/2 scale and 1/4 scale.
For 1/4 scale we recommend A-D-G-C-E-A tuning.

Student Series

CG-170

The CG-170 is our student guitar deluxe. Upgraded with a spruce top, nickel silver frets and a back center line, this guitar has super specs without breaking your budget.

CG-180

The combination of woods used in our CG-180 makes this a very versatile instrument. The spruce top adds some brightness to the warm sound of the mahogany back and sides, which makes this model appropriate for both accompaniment and solo styles. When replacing the strings we recommend D'Addario USA strings, as used in our factory setup!

The CG-180-CE is equipped with cutaway and B-Band T-35 pickup system with built-in tuner.

The CG-180-CE is equipped with B-Band T-35 electronics

CG-190

Like the 180 model, the CG-190 has a spruce top and mahogany back and sides. The fingerboard though is made of our finest rosewood for a light touch and the sound hole is decorated with hand inlayed materials.

Both CG-180-CE and CG-190-CE models have a cutaway and are equipped with a B-Band T-35 pickup system with built-in tuner.

Also available as CG-190-34 model with 580mm scale length and CG-190-12 model with 550mm scale length.

The CG-190-CE is equipped with B-Band T-35 electronics

Concert Series

CG-195

CG-195 has all the benefits of CG-190 but then with the beautiful cosmetic appearance of bubinga. This African hardwood has great tonal characteristics and is often used for guitar bodies, but never in this price range!

Also available as CG-195-34 with 580mm scale'length.

Concert Series

inlayed top board binding

CG-200

The youngest model in the Concert Series will surely please you if you're looking for top value for money. Rosewood back and sides combined with a spruce top, the works! Rosewood tends to have even more warmth than mahogany, with great resonance and volume.

Also available: CG-180-CE equipped with cutaway and B-Band T-35 pickup system with built-in tuner.

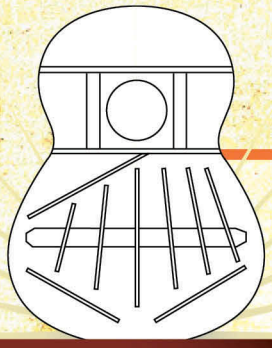
The CG-200-CE is equipped with B-Band T-35 electronics

CASES & BAGS

Of course you want to take your Valencia guitar with you wherever you go. For this we have set up a line of fine bags and cases.

The VCC-300 is our basic bag and is available in all sizes. The VCC-600 is our luxury padded bag.

If you prefer a case to a bag, then our VCC-280 deluxe arched top case is the perfect choice for you.



CG-30-R's pattern of internal bracing

CG-30-R

Nothing beats the rich tone of Valencia's solid top Custom Series guitars. The CG-30-R has its own specific sound characteristics. The top is made of solid red cedar for a higher overtone content. The pattern of internal bracing was specially designed to create a warm sound with loads of volume.

This guitar has a rosewood fingerboard and mahogany back and sides. During factory setup we apply a genuine bone topnut and saddle, as well as a set of D'Addario strings. Altogether, these instruments really sound and play fantastic, try one yourself!

mahogany back & sides

CG-LTD

Valencia Custom Series limited edition classic guitar, CG-LTD-2 models have a solid mahogany top, curly koa back & sides and ebony pegs.

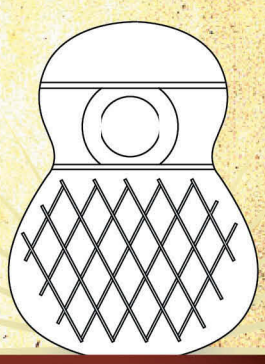
The CG-LTD-3 models have a solid red cedar top, flamed koa back & sides and ebony pegs. A case is included.

CG-50-CE comes with a factory installed B-Band T-35 pickup system with tuner

Custom Series

CG-50

Valencia proudly presents the CG-50, our top of the line guitar. The top board is constructed of the finest solid spruce. The back and sides are made of rosewood, just like the fingerboard. Together with the distinguished pattern of internal bracing this results in absolutely matchless sound characteristics.



CG-50's pattern of internal bracing

The CG-50 is set up with a bone top nut and saddle, D'Addario strings and gold machine heads with ellipse pearlized pegs. Custom details like the beautiful wood mosaic sound hole decoration and the wooden back center inlay and side board binding are the icing on the cake.

mahogany back and sides with a wooden back center inlay

The CG-50-CE model has a cutaway and is equipped with a B-Band T-35 preamp equalizer with built-in tuner.

The CG-50-CE is equipped with cutaway and B-Band electronics
