Grimshaw

BY RICHWOOD

Our 60 series acoustics offer an unbeatable value for money. We have upgraded the typical my-first-guitar with features normally found on instruments twice its price!
So now you can fully concentrate on learning chords, scales and tabs. And be confident that you will still enjoy your Grimshaw when Stairway to Heaven is a piece of cake.

- rosewood fingerboard with extra hard 18% nickel/silver frets for maximum durability
- friction-adjustable, diecast machine heads with a gear ratio of 16:1 for accurate tuning
- rosewood bridge with compensated bridge saddle for perfect intonation
- lightweight, single action trussrod for a quick-and-easy neck setup
- a sleek, symmetrical headstock design with a 12° angle for best sustain

60 series acoustics are available in dreadnought and auditorium style, lefthanded and with active electronics.
